

# 2 1/2 Outputs and Free Power Factor Correction

*Phihong USA's PSF-151 switchers fit 1U applications. (cUR, TUV, CE, LVD)*

Buy any model of the 150 watt PSF-151 series of open frame switchers and get input PFC free of charge. With a dedicated 12V fan ("1/2") output, universal input with EN 55022B line filter, 1.5" height to fit 1U applications, an industry-standard footprint, CE mark (LVD) and off-the-shelf delivery, the PSF-151 is one of the best OEM power supply values on the market today. Prices start at \$100.00 in 100 quantities. **Give us a call today!**

	Natural convection cooling			30CFM forced air cooling		
	Output 1	Output 2	Fan output	Output 1	Output 2	Fan output
PSF-151-033	3.3V/20A		12V/0.5A	3.3V/30A		12V/1A
PSF-151-050	5V/20A		12V/0.5A	5V/30A		12V/1A
